

SB 5965 - DIGEST

Declares an intent to enable nursing facilities to protect the safety of vulnerable adults and improve the quality of services provided while respecting residents' privacy.

Provides that an administrator of a nursing facility licensed under chapter 18.51 RCW may authorize the use of video equipment to monitor and observe, through the use of video equipment, the perimeter, common areas, recreational areas, walkways, and any other areas frequented by residents, staff, and visitors of the nursing facility.
